I. INTRODUCTION

A. PURPOSE OF THIS REQUEST FOR PROPOSALS

The purpose of the Request for Proposal (RFP) is to solicit sealed proposals to establish a contract through competitive negotiations for the procurement of qualifications-based computer hardware and software technical support services for the New Mexico Department of Public Safety (NMDPS) TraCS to provide statewide support for New Mexico State Police (NMSP) and Law Enforcement Agencies (LEAs) for installation, implementation and deployment of the TraCS software, a state-of-the art data collection and reporting tool for the public safety community. Services will include the following components: helpdesk support, software and hardware installation, database conversions, testing, training and maintenance from time of award until September 30, 2020 with the option to renew for additional three (3) one year terms.

B. BACKGROUND INFORMATION

NMDPS began using TraCS in 2007 as part of the New Mexico Department of Transportation (NMDOT) Project to improve the methods law enforcement agencies use to capture and store crash reports and traffic citation information on a local agency server. TraCS was developed in response to the need for information management tools for field officers to simplify the data collection process. In 2016, NMSP rolled out TraCS for all NMSP officers in all 12 districts. In 2017, NMDPS began rollout of the Department of Public Safety (DPS) TraCS Model, a hosted solution for external LEA agencies to use TraCS and submit forms to their respective repositories.

C. SCOPE OF PROCUREMENT

The agency reserves the right to offer one (1) to three (3) year contract, subject to renewal, not to exceed four (4) years duration for these services written in the contract.

The project is funded by the NMDOT Traffic Safety Division through grants from the Federal Highway Administration. At this time, it is anticipated that funding will continue for several years as TraCS is fully implemented throughout the State. It is a requirement of the grant funds that the contractor meet the compliance requirements within all provisions and conditions of the Traffic Safety Division Project Management and Accounting Procedures Manual, the New Mexico State Procurement Code, New Mexico Statutes Annotated (NMSA) 1978, Section 13-1-28 to Sections 13-1-199 and the National Highway Traffic Safety Administration Grants Management Manual.

All work completed during the award period remains property of NMDPS, including but not limited to, source code, forms developed, data, documentation, project management plans, etc. in the performance of this contract.

Travel requirements may include, but are not limited to the following, including overnight stay:

- Travel within New Mexico to support other government entities;
- Travel within New Mexico to attend meetings;

- Travel outside of New Mexico to attend meetings pertaining to the TraCS project.

All travel on behalf of NMDPS for this contract which is necessary and allowable under the contract shall be authorized by the NMDPS TraCS Project Manager or designee. Travel reimbursement shall be in accordance with the NMSA 1978, §10-8-1 to 10-8-8, “Per Diem and Mileage Act.”

This procurement will result in a statewide price agreement, that agreement is available to all executive agencies and other political subdivisions of the State of New Mexico.

5. Amended Proposals

An Offeror may submit an amended proposal before the deadline for receipt of proposals. Such amended proposals must be complete replacements for a previously submitted proposal and must be clearly identified as such in the transmittal letter. The Agency personnel will not merge, collate, or assemble proposal materials.

6. Offeror's Rights to Withdraw Proposal

Offerors will be allowed to withdraw their proposals at any time prior to the deadline for receipt of proposals. The Offeror must submit a written withdrawal request addressed to the Procurement Manager and signed by the Offeror's duly authorized representative.

8. Disclosure of Proposal Contents

- A. Proposals will be kept confidential until negotiations and the award are completed by the Agency. At that time, all proposals and documents pertaining to the proposals will be open to the public, except for material that is clearly marked proprietary or confidential. The Procurement Manager will not disclose or make public any pages of a proposal on which the potential Offeror has stamped or imprinted "proprietary" or "confidential" subject to the following requirements:
- B. Proprietary or confidential data shall be readily separable from the proposal in order to facilitate eventual public inspection of the non-confidential portion of the proposal.
- C. Confidential data is restricted to:
 - 1. confidential financial information concerning the Offeror's organization;
 - 2. and data that qualifies as a trade secret in accordance with the Uniform Trade Secrets Act, NMSA 1978 § 57-3A-1 to 57-3A-7.
 - 3. PLEASE NOTE: The price of products offered or the cost of services proposed **shall not be designated** as proprietary or confidential information.

Unless the Offeror takes legal action to prevent the disclosure, the proposal will be so disclosed. The proposal shall be open to public inspection subject to any continuing prohibition on the disclosure of confidential data.

9. No Obligation

This RFP in no manner obligates the State of New Mexico or any of its Agencies to the use of any Offeror's services until a valid written contract is awarded and approved by appropriate authorities.

10. Termination

This RFP may be canceled at any time and any and all proposals may be rejected in whole or in part when the agency determines such action to be in the best interest of the State of New Mexico.

11. Sufficient Appropriation

Any contract awarded as a result of this RFP process may be terminated if sufficient appropriations or authorizations do not exist. Such terminations will be effected by sending written notice to the contractor. The Agency's decision as to whether sufficient appropriations and authorizations are available will be accepted by the contractor as final.

12. Legal Review

The Agency requires that all Offerors agree to be bound by the General Requirements contained in this RFP. Any Offeror's concerns must be promptly submitted in writing to the attention of the Procurement Manager.

13. Governing Law

This RFP and any agreement with an Offeror which may result from this procurement shall be governed by the laws of the State of New Mexico.

14. Basis for Proposal

Only information supplied, in writing, by the Agency through the Procurement Manager or in this RFP should be used as the basis for the preparation of Offeror proposals.

15. Contract Terms and Conditions

The contract between an agency and a contractor will follow the format specified by the Agency and contain the terms and conditions set forth in the Sample Contract Appendix C. However, the contracting agency reserves the right to negotiate provisions in addition to those contained in this RFP (Sample Contract) with any Offeror. The contents of this RFP, as revised and/or supplemented, and the successful Offeror's proposal will be incorporated into and become part of any resultant contract.

The Agency discourages exceptions from the contract terms and conditions as set forth in the RFP Sample Contract. Such exceptions may cause a proposal to be rejected as nonresponsive when, in the sole judgment of the Agency (and its evaluation team), the proposal appears to be conditioned on the exception, or correction of what is deemed to be a deficiency, or an unacceptable exception is proposed which would require a substantial proposal rewrite to correct.

Should an Offeror object to any of the terms and conditions as set forth in the RFP Sample Contract (APPENDIX C) strongly enough to propose alternate terms and conditions in spite of the above, the Offeror must propose **specific** alternative language. The Agency may or may not accept the alternative language. General references to the Offeror's terms and conditions or attempts at complete substitutions of the Sample Contract are not acceptable to the Agency and will result in disqualification of the Offeror's proposal.

Offerors must provide a brief discussion of the purpose and impact, if any, of each proposed change followed by the specific proposed alternate wording.

If an Offeror fails to propose any alternate terms and conditions during the procurement process (the RFP process prior to selection as successful Offeror), no proposed alternate terms and conditions will be considered later during the negotiation process. Failure to propose alternate terms and conditions during the procurement process (the RFP process prior to selection as successful Offeror) is an **explicit agreement** by the Offeror that the contractual terms and conditions contained herein are **accepted** by the Offeror.

16. Offeror's Terms and Conditions

Offerors must submit with the proposal a complete set of any additional terms and conditions they expect to have included in a contract negotiated with the Agency. Please see Section II.C.15 for requirements.

17. Contract Deviations

Any additional terms and conditions, which may be the subject of negotiation (such terms and conditions having been proposed during the procurement process, that is, the RFP process prior to selection as successful Offeror), will be discussed only between the Agency and the Offeror selected and shall not be deemed an opportunity to amend the Offeror's proposal.

18. Offeror Qualifications

The Evaluation Committee may make such investigations as necessary to determine the ability of the potential Offeror to adhere to the requirements specified within this RFP. The Evaluation Committee will reject the proposal of any potential Offeror who is not a Responsible Offeror or fails to submit a responsive offer as defined in NMSA 1978, § 13-1-83 and 13-1-85.

19. Right to Waive Minor Irregularities

The Evaluation Committee reserves the right to waive minor irregularities.
